YOUTH  
QUAKE 2010

# Redeemed

This was my first Youth Quake experience with St. Mark's. I thoroughly enjoyed every aspect of the weekend. It is so great to see so many young people building such strong relationships with Christ!

Youth Quake was a lot of fun. It was certainly a new experience for me, and it has further encouraged me to better my relationship with Christ and live through John-Rocks

This year was my fifth year at Youth Quake and definitely the best! I've never seen so many people fired up for God & it really changed me for the better. It brought the youth group closer and I now know I can go to them for anything. If I could describe Youth Quake in four words I would say: It was super legit.

This was my SIXTH year at YQ! The experience at YQ is indescribable. This year was by far one of the best. To see everyone become closer to God and with each other really touched my heart. I think every child should experience YQ and the amazing things it has to offer.
